Steel business development in India

Dear Gairik,

Very good morning! Trust you are doing very well in Kolkata.

First of all, please kindly extend sincere greetings to your great father, Mr. Ujjwal Banerjee, from Group Chairman Madam Gulin and myself, we hope his health condition is excellent.

Please see attached, which is the updated reference of BGTG in steel industry worldwide.

From now on, Gairik, your job is try to collect prospective and valid enquiry in steel industry in India and other countries, including but not limited to the following:

- A. Any equipment supply;
- B. Consumable supply, like copper mould tubes, rollers, etc.
- C. Spares supply for Blast Furnace, sinter plant, pallet plant etc.;
- D. Refractory supply.
- E. Any new projects in steel industry

For above, we need the help from your great father, as he has contributed his whole life in the steel industry in India, he knows everything of steel industry in India.

Above is for your kind information, let us start our job immediately.

By the way, for your cell phone Xiaomi MI Max 3 phone with China ROM, one of my engineers knows how to convert it from Chinese to English, he will be sent to visit you in Kolkata by Sept 2019, and should be able to do this job. Within half hour he can convert it, please don't worry.

Thanks with best regards,

Carson John - Director
