

北京金日丰科贸有限责任公司

Beijing Global Technotrading Group (BGTG)

INTRODUCTION

BGTG's International Headquarters are in Beijing, China, and its Pallet Equipment Manufacturing Plant is in Shenyang, Liaoning province, China. Founded in 2012, BGTG already has over 350 employees, and a 2018 sales turnover of approx. US\$M 200. Below are a partial list of highlights to share with our target audience in India and some other foreign markets outside the People's Republic of China. If you have a requirement related to but different from what is listed here, we will still be able to help you – please email your detailed and specific requirement to Gairik Banerjee, following the directions at the bottom.

A. SUPPLY (India)

1. Bucket Elevator – Rashmi, India.
 2. Spares for Circular Type Sinter Plant – Rashmi, India, and Sona Alloy, India.
 3. Roller – Rashmi, India.
 4. Cold Shear – Jayaswal Neco, India.
 5. Mud-Gun – Jayaswal Neco, India.
 6. Copper Mould Tubes – Rashmi, India, and Hira Group, India.
 7. Rider Bus and Refractory – SLR, Hospet, India.
-

B. TECHNOLOGY

BGTG has developed several patented technologies along with reputed Steel Design Institute and Equipment Manufacturing Plants in China, as under:

1. De-Phosphorization Solution for Induction Furnace in India.
 2. IT Film De-dusting System for de-dusting on any fume temperature more than 400°C.
 3. Regenerative Thermal Oxidizer (RTO) for Coal Pitch Melting System.
-

C. PROJECTS (MEA)

1. 3×20 ton Induction Furnace Project in Ethiopia, Africa – supplying engineering and equipment for Scrap Shredding Machine, Bag Filter De-dusting System and Scrap-Grabbing Machine.
 2. 7 ton/hour capacity Coal Pitch Melting Project in Dubai, UAE – supplying complete engineering, equipment and technical supervision.
-

Please email your detailed query, including your detailed contact information – and your detailed business credentials and coordinates – to gb2345@gmail.com (Gairik Banerjee, Kolkata, India – Director and Representative).
