Todd,

Please note:

Elbow River Marketing (ERM) is the fuel broker for EnerPure. ERM is a wholly-owned subsidiary of Parkland Fuels and has been brokering EnerPure's fuel since 2021.

The transfer of custody documents for fuel sold by EnerPure show the fuel coming to ERM as we take custody of the fuel during shipment. I can confirm that the fuel produced by EnerPure has been sold on an on-going basis to Maersk via ERM as broker. Maersk has purchased EnerPure's fuel with a premium over the Brent Crude index.

Please let me know if you require any other information.

Regards,

Brock
